CHAPTER III

PROTECTION.

Legislation.

13. The existing Laws and Regulations in force are given in appendix II. In some cases they are based on Laws and Regulations which are in force in British India, and are so adapted as to suit the prevailing circumstances of the State.

The following new Laws were introduced in the State during the year:—

1. The Excise Act. Adapted from the British Laws.

2. The Gambling Act.

3. The Cattle Trespass Act.

4. The Police Act.

Military Force.

14. The detailed analysis regarding the total number of the State Army, and its cost will be found in Appendix III.

The total number of the State Army has under gone no change.

It remained 1772 as in the previous year. But as regards the cost of the maintenance has slightly increased owing to an increment in pay to the amount of Rs. 345/- granted by His Highness to the Band-master, and to water carriers attached to the Hussaini Battalion. Thus the expenditure during the year under review was Rs. 1,96,309 against Rs. 1,95,964 of the last year.

The Hussaini Battalion possessed 773 muzzle loading guns of an obsolete pattern, and 12 swords. The Cavalry and Infantry bear their own arms. The existing military force is mainly employed on watch and ward duties in the State. They have been trained in drill by a Government pensioned military officer for the last four or five years.

The military force has been under the control of Sahibzada Abdul Munim Khan, General of the State Army.

Mr. Franco Band-master worked satisfactorily in training the State Band and keeping it in good order, and he was given an increase in his pay.

Police.

The following report has been submitted by the Inspector General of Police, Tonk State.

15. The Home Member exercised the functions of Inspector General of Police during the early part of the year, and during November 1915 Sahibzada Hanif Khan acted as Superintendent of Police under him.

16. His Highness, at the advice of the Home Member, decided that Sahibzada Hanif Khan's charge was too heavy, and he accordingly appointed a second Superintendent, and entrusted him with the four outlying Parganas Nimbahera, Chhabra, Sironj, and Pirawa, Sahibzada Hanif Khan's charge being restricted to the Parganas of Tonk and Aligarh. His Highness selected Maulvi Anwar-ul Haq as his second Superintendent, and time has shown

that his selection was a happy one. Maulvi Anwar-ul Haq is a pensioner who served in the Government Railway Police for close on 34 years, and in the course of his service he earned golden opinions from all the officers he served under.

17. Later on in the year His Highness decided on the further re-organisation of the State Police, and I was deputed to Tonk by the Hon'ble the Agent to the Governor General in Rajputana, to carry out His Highness' wishes. I arrived in Tonk on the 7th April, 1916, and took over charge of my duties on the same day.

18. I soon found that the services of Sahibzada Hanif Khan were of no use to me, and, at my advice, His Highness relieved him of his duties as Supdt. Police, Tonk and Aligarh, on 21st. April 1916.

19. With the assistance of Maulvi Anwar-ul Haq I administered the Department till the close of the year under review. There was no regular Police Office in the State on my arrival, and there were no proper rules in force for the disposal of work. I gradually got a competent office establishment together, and located it in a suitable office, and I then proceeded to introduce the Police methods in force in British India. Schemes that involved any considerable outlay, had to be deferred, as there was no provision in the current Budget for any but ordinary expenditure. However, with the help and sympathy of His Highness I was able to effect a good deal, and was content to wait till money could be provided in the next Budget for the general reorganisation of the Force.

20. Some of the more important changes in the existing procedure that I introduced may be briefly alluded to-

(a) Cases falling under Sec. 323, 497, and 498, I. P. C. ceased to be treated as cognizable, and the procedure in force in British India in regard to such cases was adopted in the State.

(b) The system of expunging all cases in which the charge was not proved, was almost entirely abolished, and Investigating Officers were taught that

such cases unless proved false, should be returned as untraced.

(c) Printed Case and Daily Diary Forms and other Police Records were gradually introduced.

(d) Regular Parades were held, and classes for instruction in Law and Procedure, were started.

(e) Uniform deductions ceased to be made from Constables and Head Constables, and His Highness was good enough to give me a lump sum of Rs. 4,636/4/5 for the purchase of uniform.

(f) His Highness was also pleased to let me have some of the money received on account of cattle Branding, and from this money I was able to carry out urgent repairs to Police Stations and to purchase Law Books for all Police Stations in the State.

21. The year was a bad one, as there had been a scarcity of rain, and all commodities were in consequence dear. The crime return for the year was accordingly high though as compared with the returns for other parts of India, it was extremely low indeed. In contrasting the return for the year under review with the returns of previous years, it should be borne in mind that the system of expunging all cases in which the charge was not proved, has been abolished, and that most of the cases shown as untraced in the present report, would never have figured in the report of previous year, as they would have been expunged.

22. In all 678 cases were registered during the year, and of these 628 were investigated, and 50 remained without inquiry.

188 cases were expunged, and 184 cases ended in conviction. In 36 cases the accused were acquitted.

440 true cases were thus inquired into, and 42 per cent of these resulted in conviction.

23. 416 persons in all were challaned during the year, and 214 of these were convicted. 51 per cent of the persons sent up for trial were thus convicted.

24. Statements are attached showing the crime for the year under different heads. A glance at this statement will show that there was a remarkable absence of heinous crime during the year. There were but 4 Highway Robberies 2 of which are under trial, one of which was expunged, and 1 was untraced, there were no cases of Dakaiti, and there was but one case of murder which proved false.

25. Excellent work was done by the Police in certain cases. Thus the famous Dakait Mian Jan was arrested by the Jhalapatan Police and was made over to the Tonk Police to stand his trial for dakaiti and murder. In August, the Tonk City Police distinguished themselves by the capture of three desperate characters, Muhammad, Saiyid, Kallu, and Abdul Quadus who fired on the Police in Tonk city and resisted arrest. Abdul Quadus and Kallu were both injured in the conflict with the Police, and the former succumbed to his injuries. The city Kotwal and one Constable were also injured, but their injuries were slight. Muhammad Saiyid and Kallu were both sentenced to transportation for life, and His Highness was good enough to mark his appreciation of the conduct of the Police by giving them substantial rewards.

Several absconded offenders were arrested during the year—notably 2 coiners (arrested by S. I. Muhammad Ali) and 2 men of the Aligarh circle (arrested by S. I. Ejaz Husain) who were wanted by the Kotah Police for over 7 years.

26. The discipline of the Force was not good during the year, and I was compelled to dismiss a number of men for disobedience of orders. Men in the State Police are unwilling to serve at a distance from their homes, and invariably resign when drafted away from their native Towns. When they do comply with orders and go to Stations at a distance from their homes, they constantly absent themselves and slip off to visit their relations. As far as possible I dealt leniently with such misconduct during the year, as I was unwilling to be severe with men till I had secured them a good living wage.

The pay of all ranks has now been increased and I am exacting a higher standard of discipline.

27. The strength of the Mounted Police at the end of the year was 27 horses and 11 camels.

A number of horses and camels died during the year; chiefly owing to scarcity of fodder, and partly too because Silidars would not feed their animals properly. I am taking measures to obviate casualties amongst horses and camels in future.

The Silidar system has many drawbacks, the chief of which perhaps is that Silidars are usually too poor to replace their animals when they die. They then have to obtain loans which are in a measure guaranteed by the State. Thus at the end of the year I had to raise Rs. 798 to replace casualties, and the Chanda Fund is accordingly mortgaged for a period of at least 4 years.

I am not sure that the present force is required, but I cannot express a definite opinion on this point till I have completed my tour in the Parganas.

28. The total strength of the Police Force at the end of the year was 903 and the total cost of upkeep during the year was Rs 91,351/14/-

29. The Building problem in the State is at present acute, as few Police Stations are fit for habitation, and the majority are absolute ruins. A Police Lines too at Headquarters is very essential for the training of recruits and Sub Inspectors, and I hope to build one as soon as funds permit.

A definite building programme must now be adopted and at least 2 Pukka Stations must be constructed every year. In the mean time Kuchha stations must be made habitable.

An office for the Court Inspector and a Havalat are urgently needed at Headquarters, and I hope to build both at an early date.

30. A few days before the close of the year P. Dwarka Nath of the United Provinces Police was appointed Supt. of Police for the Tonk, Aligarh and Nimbahera Parganas. He is a most capable officer and I am much indebted to him for his help and assistance since he joined the Staff of the State. Maulvi Anwar-ul Haq is in charge of the Chhabra, Sironj, and Pirawa Parganas with Headquarters at Chhabra. He is a very thorough officer who is universally

esteemed and who has considerable influence over the men in his charge. I am grateful to him for what he has done.

31. My office has now been reorganised on modern lines and in Murli Mohan my Accountant, I have secured a very good man. A great deal of the accounts reorganisation work has devolved on him, and he has performed his duties in a most efficient manner.

My own Peshkar-S. I. Ejaz Husain has also proved of the greatest assistance to me during the year.

32. The reorganisation of the Force came into effect after the close of the year, and I must therefore defer an account of the reforms I introduced till next annual report.

Criminal Justice.

33. The total number of Criminal cases instituted during the year under review was 1,685 involving 3,272 persons against 1,684 involving 3,398 persons respectively for the last year thus showing a decrease of 126 in the number of persons involved, as compared with the figures of last year. The number of persons remaining under trial was 218 at the end of the year against 183 of the last year. Criminal Justice was administered equitably and satisfactorily during the year.

Criminal Appeals.

34. Appendix IX will show the working regarding appeals. It will be seen from the said appendix that the total number of appeals against 1,685 cases disposed of during the year was 249 which exceeded the total number of the preceeding year by 5. On appeal sentences were confirmed in 170, modified in 4, reversed in 56, remitted in 1, and remanded for further enquiry in 14, thus leaving 4 appeals undisposed of at the end of the year which shows that the work was done smoothly and satisfactorily.

Council.

34. There were 16 Criminal appeals, out of which 9 were accepted and 3 rejected leaving 4 pending at the close of the year under report,

His Highness' Vernacular Office.

35. There were 25 appeals during the year, out of which 20 were disposed of. The decisions of the Lower Courts were confirmed in 17, reversed in 2, quashed in 1, leaving 5 cases pending at the close of the year.

Civil Justice.

36. The number of original suits instituted during the year under report was 2,065 against 2,268 of the last year showing a decrease of 203. Out of the total number of suits instituted 1,864 were decided against 2,074 for the preceding year, leaving 201 cases undisposed of against 194 in the last year which is satisfactory.

Execution of Decrees.

37. Appendix XI shows that there were 1,609 applications of the value of Rs 1,43,925/13/7 during the year against 1,230 of the value of Rs 1,54,468/13/10 of the last year. Of these 1,306 against 981 of the preceding year were satisfied showing an increase of 325. The number of undisposed of applications was 303 against 249 for the last year. During the year under review decrees of the value of Rs 1,11,624/7/2 were satisfied which also was satisfactory.

Appellate Court.

38. There were 207 civil appeals against 1,864 cases disposed of during

the year. Of these orders were confirmed in 128, reversed in 44, amended in 10, remanded for further enquiry in 14, and compromised in 10 leaving 1 undischarged at the close of the year.

Mohammadan Law Court.

39. The total number of cases instituted during the year under review was 684 against 706 of the last year, leaving 72 pending against 113 for the preceding year.

During the year under report there were 291 cases against 270 of the previous year, in which Fatwas of the learned Muftis were asked. Of these Fatwas were furnished in 282 cases leaving 9 pending at the close of the year.

Council.

40. There were 175 cases for disposal out of which 121 were disposed of. Sentences were confirmed in 73 reversed in 36 amended in 10 and compromised in 2 thus leaving 54 cases under disposal.

His Highness' Vernacular Office.

41. There were 58 cases, out of which 16 were disposed of, and 42 remained pending at the close of the year. Decisions of the lower court were confirmed in 9 reversed in 6 and amended in 1.

Registration.

42. Appendix XIV will show that the total number of documents

registered during the year under review was 321 against 355 of the last year. Showing a decrease of 34 documents which is too small to need any explanation. Rs 874/15/- against Rs 1,065/3/- of the last year was realized as the registration fee showing a decrease of Rs 190/4/- as compared with the receipts of the last year. One half of the registration fee viz Rs. 437/7/6 was paid to the registration clerks and the other half was credited to the State Treasury.

State Prisons.

43. There are 5 Jails at the Headquarters of each of the 6 Parganas save that of Aligarh. The Jail at Tonk goes by the name of Central Jail.

Persons convicted for more than 6 months' imprisonment are sent up to the Central Jail at Tonk while those sentenced for 6 months or less than that are confined in the Jails at Parganas.

The superintendence of State Jails remained under Sahibzada Abdul Hameed Khan Assistant to the Home Member during the year under report.

The State Jails were visited by no epidemic diseases. 7 convicts succumbed to natural diseases; of which 3 died of fever in Tonk; 1 of dysentery in Sironj; 1 of dropsy and 2 of fever in Nimbahera.

Col. Benn Political Agent Haraoti and Tonk and Sahibzada Sher Ali Khan Magistrate Tonk paid visits to the Central Jail on 21st. February and 10th. July 1916 respectively.

Durries, clothweaving and Nurdas continued to be made in Jail and the proceeds of the Industries brought Rs. 900/- The total expenditure during the year amounted to Rs. 2,389/13/1; and this sum deducted from Rs. 3,413/1/8 the total income of the year under report leaves Rs. 1,023/4/2 as the closing balance of the year.

The total income derived from Jail Industries at Sironj was Rs. 78/-/6

against Rs. 67/2 for the previous year showing an increase of Rs. 10/14/6.

The total income obtained from the Jail Industries at Nimbahera amounted to Rs. 55/8/3 against Rs. 101/11/8 for the previous year showing a deficit of Rs. 46/3/5 and this was attributed to suspension of work owing to unexpected sickness of some of the convicts.

The total income derived from Jail Industries at Chhabra amounted to Rs. 50/1/6 against Rs. 60/0/9 of the previous year showing a decrease of Rs. 9/15/3.

During the year under report 5,438 convicts were engaged in free outdoor work.

Extradition.

44. The extradition arrangement with the British Government as well as with other Native States worked smoothly.

Municipal Administration.

45. Municipal Committees are established at the Headquarters of each of the Parganas. They discharged the entrusted duties well regarding sanitation, lighting and every thing connected with the betterment of the health of the Parganas.

Several byroads were newly constructed for the good and the comfort of the people. Trees were planted on both the sides of the road and were properly looked after.

Cholera broke out in Nimbahera and Pirawa and raged from 2nd. August to 30th. August 1916 and from 28th. July to 30th. September 1916 in the respective Parganas.

Preventive measures were taken immediately and no stone was left unturned to combat with the calamity. The streets and roads were kept clean and tidy; and the wells were disinfected. The aggregate number of persons attacked in both the Parganas was 259 out of which only 38 died.

No change was effected in the body of the committee either at Tonk or at other Parganas. No new taxes were levied or abolished during the year. The receipts and charges of the Municipality are shown in appendix XVI.

The vital statistics of the State are given in appendix XXIV.

Mohammad Abdur Rahim Khan managed the department efficiently under the supervision of Dewan Bahadur Rai Moti Lal.

Nazool Department.

46. There is a Nazool department at Tonk which supervises the work of 5 branches kept in each of the 5 outlying Parganas under their respective Nazims.

The total income during the year was Rs 1,542/- against Rs 2,379/2/- of the last year.

The total expenditure during the year under review amounted to Rs. 348/- against Rs. 336/- of the preceding year.

The increase of Rs. 12/- in expenditure is due to an increase of Rs. 1/- per mensem in the salary of a peon in the Nazool Department at Sironj.

Mohammed Abdur Rahim Khan Supdt. of Municipality continued to work as Head of this department too.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Arboriculture.

50. Trees planted on both the sides of the road were nourished luxuriantly, and were properly looked after.

Forest (a) area

51. The total area under Forest administration was Bigas 1,75,469 against Bigas 1,76,119 for the preceding year. The apparent decrease which remains after deducting an area of 100 Bigas newly afforested during the year, is due to the grant of lands (Borkhandi Kalan with an area of 728 Bigas, 11 biswas), as a Jagir to H. H. Nawab Jamiluzzamani Begum Saheba.

(b) The chief products of the Forest are: Timber: e. g. Teak, Beja Saj, Sisso, Tendo, Tisso, etc.

2. Fuel Charcoal;

3. Bamboo.

4. Honey and wax.

5. Grass.

6. Miscellaneous:- Gum, Fruits of Mahawa, Katha and other tanning materials.

Fuel wood and some of the grass were put to sale while in some places individuals were allowed to graze their cattle on payment of grazing fees. The amount of grass collected during the year was Mds. 19,090/8/4 and together with the last years' balance Mds. 15,555/16 it swelled to Mds. 34,645/24/4 out of which Mds. 29,722/10/4 were consumed and Mds. 2,586/14/12 were spoiled by rain thus leaving an available balance of Mds. 2,336/39/4 at the end of the year under review as surplus fodder.

The gross proceeds of the sale of grass, fuel, timberwood etc. amounted to Rs. 71,088/14/5 against Rs. 70,000 Budget estimate of the year under report and Rs. 74,525/14/8 for the preceding year.

Every precaution was taken to keep the reserve forest free from fire. No cases of fire were reported during the year under review.

The number of offences during the year rose to 377, thus showing an increase of 96 when compared with the figures of the last year. The increase being in petty cases of illicit grazing and wood cutting.

Cutting and sale of wood was done according to the Forest Rules in Sironj, Chhabra, Pirawa, and Allgarh. The sale proceeds of firewood increased the gross revenue of the State considerably.

Saplings of Nim, Imji and Jamun were planted during the year under review, and they thrived well.

The services of a Girdawar were dispensed with, 4 Sepoys, 1 Shikari in Sironj, and 1 Birban in Tonk were newly appointed during the year under report.

The Forest staff continued to work satisfactorily under the supervision of the Home Member.
